

Challenge to the Former Residents of Ussery Dormitory

As most of you know by now Oak Hill Academy is in the midst of a capital campaign to secure the necessary funds to build the new “Williams-Berry Boys Dormitory” that will replace the existing “Ussery Dormitory.” As glad as we are to see the new dorm on the horizon, many former residents are saddened to see the old building go. Yes, a lot of great memories are tied to this nostalgic old structure (if only those walls could talk!), but as we move on, students will be able to create many new memories in the new dormitory for years to come.

How wonderful would it be to see the names of former Ussery residents on the doors of all the individual rooms in this new building! There are still many individual rooms available for naming at this time. The cost of sponsoring an individual room is \$7,500. When all of the naming opportunities are claimed, Oak Hill Academy will be only a short distance from our final goal and the construction can begin. You can help your Alma Mater and remember your time on “the hill.”
